

## **Norfolk Southern Video Teleconference Sites**

On the following pages NS video teleconference sites are listed by location. In order to schedule NS sites, arbitrators must contact Peter Poirier, Director of Labor Relations (757-629-2820).

In order to schedule and use the NS sites, the arbitrator must clear the availability of the site, schedule with the local contact, and follow all of the instructions for access and use provided by the local contact.

The NS sites are capable of being joined by a bridge so that the arbitrator or parties may use NS sites or another video conference capable host.

NOTE: Addresses and local contact information will be added on the NMB web site ([www.nmb.gov](http://www.nmb.gov)).
